Questions and Answers are posted below.

Questions & Answers

Question: After reviewing the TEL Request for Proposal document, I noticed the Error and Omissions, Directors and Officers and Network Security coverages were not included in the proposal. Was this an oversight or is this insurance covered elsewhere? If this insurance is covered elsewhere please advise where and how it is covered?

Answer: [Bidders should provide their responses based on the insurance needs as defined in the RFP. Any coverages not noted in the RFP in Section G, Scope of Services, should not be considered.](#)
