The Benefits of Early Activation of New Instant Games

The 1st Tuesday of each month has been branded as Tennessee Tuesday. The Tennessee Lottery immediately begins supporting the launch of the new instant games with various types of advertising so it is important to have those new games on sale as early as possible for your players. Keeping your product offering fresh will maximize your sales and increase your overall Retailer Commissions. Dedicated players are excited about new games like the September Family of instant tickets. Don't miss an opportunity to have the latest products available for your players.

RETAILER REMINDER

When you receive an instant ticket order, please make sure to always check the game and pack numbers received in your order against the Ticket Delivery Receipt located inside of the shipping bag/box prior to confirming the order. Please DO NOT sell from confirmed packs until they have been properly activated on your Lottery Terminal. This mistake can occur when an employee has mistakenly loaded an instant game still in issued or confirmed status. Always remember to keep your confirmed inventory safely stored and separate from your active inventory. Thanks for your help!
